

PRIORITY waste

FLINT'S PRIORITY REPORT JULY 2022

SUMMER IS OFFICIALLY HERE! We hope everyone is staying cool while enjoying the time outside with family, friends, and loved ones.

Here are some simple rules to follow to make curbside recycling easier:

1. Check for the  before trying to recycle, know before you throw!
2. Make sure your container at the curb says **RECYCLING**
3. Rinse and dry your recyclables
4. Break down your cardboard
5. Don't recycle anything smaller than an ID Card, like straws, coffee pods, balls of aluminum, and paper clips.
6. Don't recycle plastic grocery bags at the curb
7. Don't recycle anything in a plastic bag
8. If you don't KNOW, ASK!

The curbside recycling process can change quite often but by following these rules, you will be a successful recycler. We are here to help you and make things easy. **You can call your City Offices at 810-766-7135 or Priority Waste at 855-927-8365 for any questions or guidance to better improve Flint's Recycling program.**

DO'S FOR RECYCLING

- DO place your recycling materials out on your normal service day.
- DO place them in a container 96 gallons or smaller in size, clearly marked "RECYCLE".
- DO follow the acceptable materials chart to the left.
- DO rinse out food and beverage containers.
- DO break down boxes and large pieces of cardboard to fit inside your recycling container.

DON'TS FOR RECYCLING

- DON'T place your recycling materials in ANY BAGS. They must be loosely kept in a container marked "RECYCLING".
- DON'T mix trash or compost in your "RECYCLING" container.
- DON'T recycle pizza boxes or any food-soaked packaging.
- DON'T recycle styrofoam, grocery plastic bags, or hangers of any materials.
- DON'T assume it is recyclable, look for the recycling symbol before placing it in your container.
